

Delivering Lasting Change in the World's Poorest Communities

CARE began in 1945 as an American organization delivering CARE Packages® to war-torn Europe. Thanks to so many supporters, we saved lives then, and we're saving lives now through our humanitarian work in the wake of wars and disasters. But we're also changing lives for the long term with programs that empower people — particularly women and girls, because they bear the brunt of poverty, but also because they hold the key to defeating it.

Visit care.org to rediscover the CARE Package.
And with it, the power to change our world.
