

CARE serves the poorest people in the world by making them part of the solution. Programs that improve access to proper nutrition, quality health care, education and economic opportunity don't just help people today — they empower them with the information and resources they need to overcome challenges tomorrow. CARE began in 1945 as an American organization delivering CARE Packages to war-torn Europe. Today, we still save lives, but we also build lives for the long term by empowering women and girls — and delivering lasting change through tools that can't be confined to a box.

CARE IN 2014

90 + **880** = **72**
 COUNTRIES PROJECTS MILLION PEOPLE HELPED

-  Served more than **7 million people** through humanitarian response
-  Helped **1.1 million people in 55 countries** increase their agricultural productivity
