Dear Sajeda!

Greetings to you from the mountains in Colorado!
It is Winter here and the snow is beautiful against
the blue sky!

Our good friends at CARE gave me your name
last week and told me of your circumstances at this
time, they also mentioned that your interests are
in music and writing etc. We both have a lot in
common! I know first hand what it is like to loose
a home and become a refugee. There was the second
World War in Europe - 1939 to 1945. I grew up in
Berlin, Germany during that time. In February 1945
there were terrible Air Raids in our town. My father
lost his life during an Raid and our house was also
hit by a bomb and we lost everything. My mother
and I were lucky to be able to take one of the last
trains out of the City! Our last possessions were in
one suitcase. There were hundreds of people on the
train and more tried to get on at other stops. We
found refuge in the State of Thuringia where it was
very peaceful and quiet except the people there were
not very friendly and did not like the idea to have
to share their houses with strangers! The war was
over soon after our arrival there. The Americans
occupied the area and that was the time I met

my future husband there! He returned to his home
in 1946 and we wrote many letters to each other until
I got permission to travel to the United States.

Meanwhile the situation in Bavaria was very bad.
We were so hungry and that is where CARE came to
the rescue. My husband's family sent us several CARE
packages over time and what a surprise that was, we
portioned all the good things out over a time and
enjoyed every bit of it.

It is never easy to have to leave one's homeland!
Always remember the good times and look forward
to what the future may bring. It is always difficult
to adjust living in a different country - I know!

I hope this letter reaches you and we want you to
know you are in our thoughts!! We thank CARE
for giving us this chance to write to you!

I am interested in music - I play guitar. I like
to write and have been reading good books all
my life! We live in a small town, the mountains are
all around us, there are lots of woods and many wild
animals come by and pay us a visit!

Dear Sajeda - it was a pleasure to be able to
chat with you today!

Best Wishes to you

Greetings across the miles!
